

## LET'S COUNT!

### Activity Items

There are no separate items for this activity.

### Student Learning Objectives

- I will be able to use a data table to organize information.
- I will be able to analyze and make comparisons with their data.

NAME: \_\_\_\_\_ DATE: \_\_\_\_\_

You are going to pretend to be U.S. Census Bureau agents today! Working with your team, pick three things in the classroom that you want to count and write them in the blanks in the data table below. Then count those things and write the numbers in the table.

Data Table

_____	_____	_____

- 1. What thing did you count the most?
  
  
  
  
  
  
  
  
  
  
- 2. What thing did you count the least?

3. Fill in the blanks and answer the questions below:

- There are more \_\_\_\_\_ than \_\_\_\_\_ in my classroom.
- What is the difference?
  
- The number of \_\_\_\_\_ is less than the number of \_\_\_\_\_ in my classroom.
- What is the difference?
